Your opportunity...

Online classifieds is the consumer to consumer (C2C) trading of used goods through online platforms - mostly mobile. At Naspers Classifieds we have a leading position in emerging markets. Our company spans and unites many cultures and styles into one online multinational. We believe that our group creates maximum value by stimulating bottom-up entrepreneurship, tailoring group support to local needs. Our purpose is to improve people's lives by bringing them together for win-win exchanges.

...at OLX

At OLX we have a clear ambition – to empower millions of people across the globe by helping them connect and share their goods and services. This inspiring purpose has helped us build one of the world's leading Internet companies. This combination of business and purpose attracts a certain type of person. If you've got an entrepreneurial drive and think you can use that drive to contribute to our purpose, then we'd love to empower you to be successful. Want to know more?

Why OLX?

- We believe in creating a richer world by empowering people
- Every day millions of people across the globe use OLX to buy and sell goods
- We serve over 240 million unique users every month
- We generate traffic of over 11 billion monthly page views in more than 40 countries

What responsibilities will you get when working with us?

- Provide and improve deployment and production monitoring tools
- Simplify configuration, setup and installation of our services
- Enable running our solutions locally as well as SaaS in Amazon cloud
- Help development team in the software release process

What will you need to be successful in this role?

- 3+ years working in a Infrastructure Team.

- Knowledge on Amazon Web Services Management, Networks, Configuration Management Frameworks and on Linux/Unix systems (especially Ubuntu), Terraform, Docker, Kubernetes, Jenkins, CI/CD, OpenShift.
- MySQL/MariaDB/Percona experience a plus
- Knowledge of any shell script language (Perl, PHP, Bash, Ruby or Python)
- Curious to work with and learn new technologies
- Experience with continuous integration and continuous delivery pipelines.
- Team player
- Good verbal and written English skills
- Passion for our services, curiosity and bias for action
- Tenacious problem solver, will own issues until full resolution
- Excellent communication skills, both written and verbal with great attention to detail
- Strong rapport and relationship building skills with both internal departments and external customers

What can you expect from us and what do we offer?

- Contributing to the global Naspers Classifieds success
- International career and travel opportunities
- Work with an international team of top professionals learning from one another
- A budget for conference and education
- Competitive salary and great benefits
- High-end computer-gear
- Free coffee, snacks and drinks
